

MS. MCCLURE'S

CLASSROOM NEWS

Q4 - 2022

All things bright and beautiful, All creatures great and small, All things wise and wonderful:

You, Lord God, made them all. Each little flower that opens, Each little bird that sings,

You made their glowing colors, You made their tiny wings.

The purple headed mountains, The river running by, The sunset and the morning That brightens up the sky.

The changing of the seasons, The pleasant summer sun, The ripe fruits in the garden, You made them every one.

The tall trees in the greenwood, The meadows where we play, The rushes by the water, To gather every day.

You gave us eyes to see them, And lips that we might tell, How great is God Almighty, Who has made all things well.

WHAT WE DID IN SCIENCE!

5th - Sun, Moon, Planets. Ecology

6th - Earth's Surfaces, Plate Tectonics,
Intro to living things

7th and 8th- Waves, Light Waves. Rockets
and Newtons 3 laws of Motion (race cars)
