

MS.MONAGHAN'S SECOND GRADE

NEWSLETTER

Date

Fall 2023

Class news

Our class has been busy getting to know one another, adjusting to second grade, and getting ready for a full year of learning!

Reminders

- **Thank you to everyone who donated and fundraised for Caring for Classrooms! Your support is amazing!**
- **Please remember to check snack labels as we are a nut-free school.**

What we're learning

Math

We have been working with addition, subtraction, doubles, and the 4-step process.

Science

We have begun our Land and Water unit, learning all about landforms and how to make maps!

Reading

We have been reading selections with corresponding vocabulary. At the end of each selection, we will have a test.

Writing

We have been writing in our ELA journals, learning the writing process, and creating poems.

Religion

We have been learning about baptism and confirmation. There is a chapter test at the end of each chapter.

Social Studies

We are learning about the past and present and comparing the two.
