

Well, Hello. I hope that your son/daughter has been coming home telling you about the things that they have been doing in music class. They seem very happy and excited during class. The 3rd and 4th grade students have been using bells. Because there isn't a bell for everyone, scarves are used in place of bells. However, when it is time for a performance, real bells are used. They have done very well. Now, I will pull out more difficult music for them to learn. In the 1st, 2nd, and kindergarten classes, we have been learning songs about the spring and learning and playing rhythms during class. We almost had a Hooley before the parade, but it turned out to be a half day of school. Maybe next year.

Thanks for all you do.

Joan Cavanaugh
