Third Quarter Updates - April 2025

Dear Families,

As we wrap up the third quarter, I wanted to take a moment to share all the exciting things happening in our classroom! It has been a busy and wonderful few months, and I'm thrilled with the progress the students have made. Here's a look at what we've been working on:

ELA (English Language Arts):

We have continued our spelling and reading units, diving deeper into phonics and comprehension. The class has also made great strides in writing! We are in the final stages of working on our class book, and it will be published in just a few weeks. It's been such a fun project, and the students are very proud of their contributions.

Math:

In math, we've been mastering double-digit subtraction with regrouping, a challenging but important concept. We're also working on telling time and counting money—skills that are both fun and practical! I'm so proud of how the class is progressing.

Religion:

A major milestone this quarter—our class made their First Penance! This sacrament is such an important step in their faith journey. We continue to learn about the teachings and miracles of Jesus, and the students have been showing great interest in these stories.

Social Studies/Science:

We've wrapped up our unit on Producers and Consumers and have moved on to a new and exciting topic in science. In the coming weeks, we'll be studying Earth's changing landscapes, including topics like erosion, weathering, and natural events that shape our planet.

Important Reminders:

- **Please be sure to check your child's planner and Class Dojo regularly for important updates and assignments.**
- **We are running low on Clorox wipes and would greatly appreciate any donations.**
- **The First Communion retreat and rehearsals are coming up, so please keep an eye out for dates and times.**

Thank you for your continued support! As always, I'm looking forward to the rest of the year and all the exciting learning ahead.

Sincerely,

**Ms. Monaghan
2nd Grade Teacher**
