

# 3RD QUARTER NEWSLETTER

MS. DALEY

## Look What We Learned

### Language

This quarter, students' reading and writing skills have truly shone! They have been actively practicing their writing by completing short stories. One of the students favorite activities was the "Sticker Story." In this fun exercise, students selected various stickers and created imaginative stories inspired by them. It was wonderful to see their creativity in action! We have been exploring various genres, and the students truly enjoy discussing the elements that make up different types of stories. Fantasy has emerged as a favorite genre in our class, with "Cloudy With a Chance of Meatballs" being a standout hit!

### Math

Students' math skills have significantly improved! We have been focusing on numbers 1-20 and have introduced addition and subtraction through a variety of hands-on activities. In the fourth quarter, we will concentrate on counting, writing, and ordering numbers up to 31. Additionally, we will work on counting to 100 by ones and tens.

### Religion

Students have been exploring the meaning of Lent and the ways we can make God happy! Additionally, we have been practicing new prayers as we prepare to start praying the rosary next year.

## Upcoming
